

September 20, 2021

To Whom It May Concern:

This letter is to confirm that Rishwanth Naidu Byra was enrolled as a full time student in our Masters in Business Statistics program at New England College, from September 2, 2020 to July 15, 2021.

During this time frame, September 2020 through July 2021, and as reported in our emergency based covid policies and protocols to SEVIS, New England College established COVID remote synchronous learning sessions for students' schedule of courses requiring physical presence. The student did meet these requirements as attested to in the accompanying letter from their Program Director.

Please feel free to contact me if you have any further questions. I can be reached at [cgiannotti@nec.edu](mailto:cgiannotti@nec.edu).

Sincerely,

Christina Giannotti
